

MENTORED EXPERIENCES REU / REV / RET / YSP

"My mentor answered every question that I asked him. He was always willing to teach me concepts and would take as much time necessary to do so."

PERFECT PITCH COMPETITION

"It's good for practicing jargon-free science communications. You have to present in a way everyone can understand."

CENTER FOR SENSORIMOTOR NEURAL ENGINEERING Improving lives by connecting brains and technology

STUDENT-INDUSTRY INCUBATOR "You get to actually see how a realistic market works, so where we're going to end up, and then how what you're doing might fit into that space."

EMPOWERING TOMORROW'S LEADERS

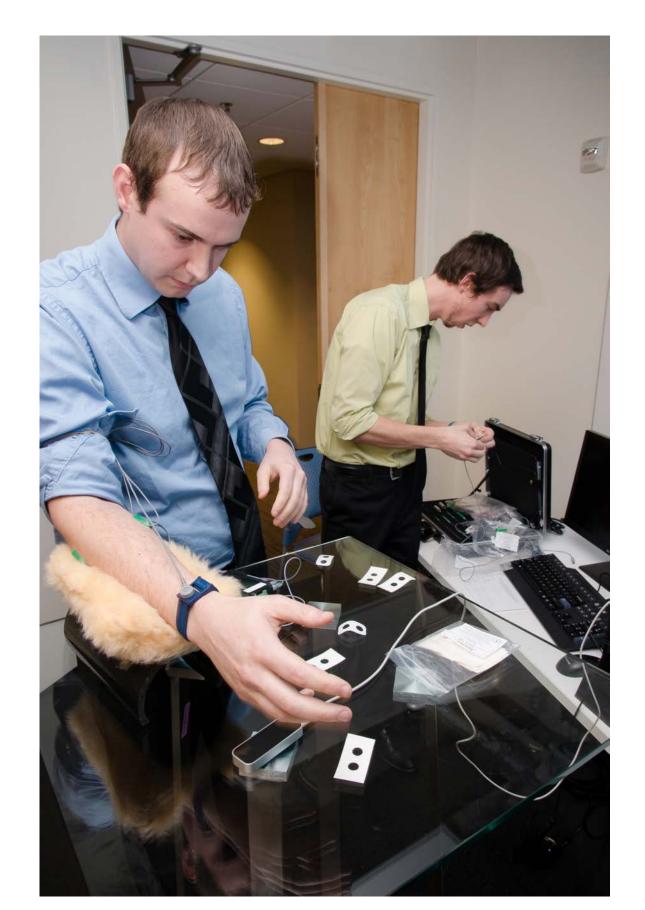

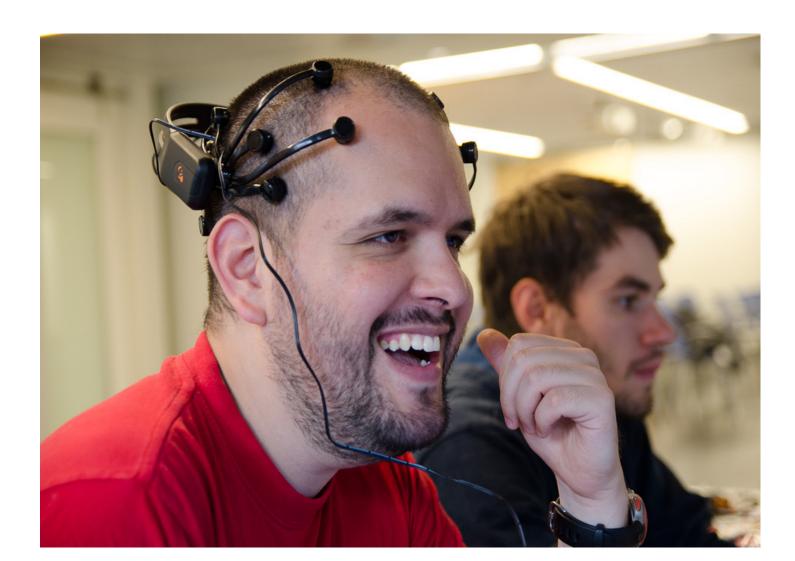

FUNDING FOR GRAD STUDENTS Research Seed Grants Education Grants

"The seed projects are a good example of funding that allows innovation."

HACK-A-THON

"It's a really powerful experience. It's also a great learning experience that you would never get in a normal lab setting."

COURSES Neural Engineering Tech Sandbox

"We were allowed to create whatever we thought fit into the CSNE mission and that left the doors open for creativity, which isn't usually encountered in engineering courses."

POST-BACCALAUREATE PROGRAM "Students that are involved, we're empowered to be a really positive change."

STUDENT LEADERSHIP COUNCIL Research Seminars / Industry Lunches Invited Speakers / Travel Awards / Field Trips

"The Center has shown me how industry and academia can work and collaborate together."
